- Paul Ehrenfeld
- James Snyder
- Mary Travers
- Elaine Murray
- Terry Cusack
- Tony Bostain

3-Year Aspiration Statement

A rapid response system that enables access to the right skills, right now, when and where needed.

- Open access to all users; Activities and Individuals
- No barriers: simplify application and funding process
- Allows individuals to identify opportunities, and conversely, allows the Navy to identify individuals that fulfill skill set requirements
- Activities can “pull” and sailors can “push” skills set data
- Match the needs of the Navy with the availability and skills of the sailor

RIGHT SKILL, RIGHT NOW, WHERE NEEDED

Short-Term Objectives

- Enhance use of training time through better coordination between gaining command and augment unit to ensure training availabilities meet operational needs.
  - One Month: Identify gaining commands to be pilots.
  - Six Months: Provide additional RLO resources to gaining command.
  - One Year: Measure results through interviews with Commanding Officers, RLOs and Sailors.

Post-Summit Support Needed From…

- Identified gaining command(s)
- Affected Reserve Center(s)
- Selected Augment units
  - Surface
  - Air
  - Shore

Specific Indicators of Success

- Better interface between gaining command and augment unit
- More effective training
- Better operational support

Summary of Impact - Key Benefits of this Pilot

It will help achieve our goal to become One Navy, Our Navy, Forging the Future and a "Team Navy" building the Naval Reserve for Sea Power 21 because…

this proposal will improve the utilization of augment units by targeting training opportunities to meet operational needs of the Navy.

Short-Term Objectives

- Meet additional operational requirements by identification of RC sailors through “SeaMonkey.com”.
  - One Month: Investigate and identify existing website databases.
  - Six Months: Establish “Seamonkey.com” website.
  - One Year: Evaluate usage of “Seamonkey.com”.

Post-Summit Support Needed From…

- BUPERS
- EPMAC
- IT support from the Navy
- CHINFO
- The Fleet who needs work done
- Reservists who can do work

Specific Indicators of Success

- Number of site hits
- Number of job posted
- Number of requirements filled

Summary of Impact - Key Benefits of this Pilot

It will help achieve our goal to become One Navy, Our Navy, Forging the Future and a "Team Navy" building the Naval Reserve for Sea Power 21 because…

this will position the right sailors with the right skills at the right place at the right time.
